

Let The Music Talk

Seasick Steve

Have mercy, Lord

When the world just getting ya down
And it's bad everytime you turn around
And ya can't tell which road to take
And all the news ya hear is just fake

You got to stop
You got to stop
You got to stop
Put record on
Put record on
Let the music rock

Let the music sooth ya
Let the band groove ya
Here come your favourite song
Now y'all can sing along

Don't stop
Don't stop
Don't stop
Leave the record on
Leave the record on
Leave the record on
All night long

Can ya hear the difference
Do ya know what I'm talking bout
When ya spin a vinyl on and put your cell phone down
Get back to where it started from
When the music was in the air
Sit back relax shut down your brain
And maybe you'll get there

When the music rocked
When the music rocked
When the music rocked
Leave the records on
Leave the records on
Leave the records on
Let the music rock

This is the music hitting down in the groove

We cutting the deep groove
We cutting the deep groove
We cutting the deep groove
We cutting the deep groove

Can ya hear the difference
Do ya know what I'm talking bout
When ya spin a vinyl on and put your cell phone down
Get back to where it started from
When the music was in the air
Sit back relax shut down your brain
And maybe you'll get there

When the music rocked
When the music rocked
When the music rocked
Keep the records on
Keep the records on
Keep the records on
Let the music talk
