

## Man from Another Time

Seasick Steve

When I walk down the street  
I feel like a man from another time  
My memories of the past so much cleaner and stronger  
Oh and fine  
Seem to me the girls much prettier  
The air was cleaner  
And coffee only cost  
One dime  
One dime  
One dime

When I was younger  
Used to wonder why old folks used to talk about the past  
I used to think they was so boring  
Now I've arrived at last  
Anyway, why do you wanna listen to what I got to say at all  
Don't you got nothin' better to do  
Don't you got nothin' better to do  
Don't you got nothin' better to do  
Than listen to a man  
From another time  
Listen to a man from another time  
Listen to a man from another time

My greatest fear before I die  
Is to turn into a boring old fart  
All that I can do is keep on playin' what's in my  
Heart  
Heart  
Heart

Anyway, I don't know why you wanna listen  
What I got to say at all  
Don't you got nothin' better to do  
Don't you got nothin' better to do  
Don't you got nothin' better to do  
Than listen to a man  
From another time  
Listen to a man from another time  
Listen to a man from another time  
Listen to a man from another time
