

Ride

Seasick Steve

Sometimes I feel like wrappin' up everything I, own
And tie it on the back of a saddle, and roam
And get me as far away from here, as I can
And get me as far away, as a man can

You can't take too much when you, go
On a horse you gon' get there pretty, slow
And sorry is just some words, people say
And ridin', is ridin', away

I wanna ride, I wanna ride, I wanna run
I wanna ride, I wanna ride

I wanna sleep out tonight, underneath a billion, stars
And forget about a love that went too, far
And get up in the mornin' and just ride
And find me a good place, to hide

I wanna ride, I wanna ride, I wanna run
I wanna ride, I wanna ride

I wanna ride, I wanna ride, I wanna run
I wanna ride, I wanna ride
