

San Francisco Sound '67

Seasick Steve

When the sun goes down over San Francisco town
That's when the freaks come out to play
Hmm when the sun goes down over San Francisco town
That's when the beats and the hippies come out to play
Man they gather at the Filmore
Listen to that psychedelic music 'til the break of day
'Til the break of day

Now when the sun comes up on that beautiful city by the bay
It's gonna be a brand new day
When the sun comes up on that beautiful city by the bay
It's gonna be a brand new day
Yeah get yourself some love power at the park
It's the hippest thing so they say
So they say

Walk right down Haight
Turn into the straight
You'll hear free music most everyday
Hmm walk west on Haight
Turn right into the straight
Sometimes weird but always cool everyday
I hear the diggers is in the panhandle
Do you wanna go they're giving out free food today
Free food today

San Francisco town
Ooft that San Francisco sound
They be making history
San Francisco town
Ooft that San Francisco sound
Ooh you gonna wait and see
Get yourself some love power at the park
It's the hippest thing
So they say, so they say
