You can walk on fire You can talk to the dead You can wait 'til tomorrow You can't lose Ain't it nice to find some wasted time wasn't wasted blind? You only need to believe it Don't you worry, right away under You possess the perfect power All above, others under Hopeless, selfish, stupid power Superstar, super just like me Beauty is just a state of mind It don't matter how I waste my time Truth's just changin' every day today I think I like it that way I think I like it this way Almost weak enough to get me off No one's strong enough to make me stop No one's strong enough to make me stop
