

Vendetta

Sebastian Bach

Over and over
Au revoir to my fake friend
Evening the score
System broken
How I put my faith in you
Now my trust is torn in two
All we got is memories back in time

It's all gettin' faded
It goes on and on and on
Sunset 'til the dawn
All I wanna know is how far you'll go
I'm tired, I've been mistreated
Strangled, but I'm still breathin'

Use me, abuse me
Take advantage of my heart
I ain't takin' anymore
What was I thinkin'?
Caught you hidin' in plain sight
Paranoia's brought to life
Can you see through the torment in your eyes?

It's all gettin' faded
It goes on and on and on
Sunset 'til the dawn
All I wanna know is how far you'll go
I'm tired, I've been mistreated
Strangled, but I'm still breathin'

Silent screams
Take back your dreams

It's all gettin' faded
It goes on and on and on
Sunset 'til the dawn
All I wanna know is how far you'll go
I'm tired, I've been mistreated
Strangled, but I'm still breathin'

Silenced but I'm still screamin'
Take back what's mine your stealing

Killer
Stone cold killer
Killer
Stone cold killer
