"There is something, I am telling you I saw something in distance and it would be wonderful if...you saw nothing I want you to come with me, just go and do everything you want...fine

When the night become the day  
They're sending you far away  
So so far away  
When everything start to fade  
You don't have to be afraid  
No you don't have to be afraid

Take my hand and  
Reload  
This is free love  
That's what we are made of  
Yes we are, are, are  
Reload  
This is free love  
That's what we are made of  
Yes we are, are, are

Take my hand and  
Reload  
This is free love  
That's what we are made of  
Yes we are, are, are

When you wanna get off the ground  
But gravity pulls you down  
Gravity pulls you down  
And when you feel out of place  
You don't have to be afraid  
No you don't have to be afraid

Take my hand and  
Reload  
This is free love  
That's what we are made of  
Yes we are, are, are  
Reload  
This is free love  
That's what we are made of  
Yes we are, are, are

Take my hand and  
Reload  
This is free love  
That's what we are made of  
Yes we are, are, are  
Reload  
This is free love  
That's what we are made of  
Yes we are, are, are
