Pressure, you're so precious (ooh)
Infectious (no), we been messed with (we been messed with)
To be perfect is so much pressure (girl, you're perfect)
Diamonds don't have measure (ah)

Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold

How 'bout you and me go some place we've never seen?
Just to live out all our dreams where we're getting everything
How 'bout you and me go some place we've never seen?
Just to live out all our dreams where we're getting everything
Since life's too short, yeah
Just like your shorts, mmh
I'm happy I ain't tall, mmh
Couldn't see over the wall, the wall

Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold

Sometimes I wonder, is this my chance? (Is this my chance?)
Take your hand, running circles (running circles)
Is not my plan (is not my plan), playing miles again (miles again)
They day I lose my lover, there's no love to get back

Pressure (oh babe), you're so precious (yeah)
Infectious (oh baby), we been messed with (you feel so good)
To be perfect (to be) is so much pressure
Diamonds don't have measure (overgold)

Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold
Overgold, overgold
