

Speechless

Sebastian Mikael

I will never be the same
I will never love again
If you ever run from love
I can't even lie to me
It's so clear for me to see
Girl I already know you're the one
Nowhere to hide it
No chance to fight it
Now I know that it will never die
First I didn't believe it
Now, now I can see it
I got nothing to say

You lift me up, yeah
You take me high
And you're all I need
To refire me
You lift me up, yeah
You take me high
And inside of me
There is no gravity
You leave me speechless
Girl I'm speechless
Speechless, love me speechless
You leave me speechless
Girl I'm speechless
Speechless, love me speechless

You're so surreal to me, yeah
unknown solved mystery
And I already know you're the one
No reason to explain
To leave you will be insane
I can ever run from love
Nowhere to hide it
No chance to fight it
Now I know that it will never die
First I didn't believe it
Now, now I can see it
I got nothing to say

You lift me up, yeah
You take me high
And you're all I need to revive me
You lift me up, yeah yeah
You take me high
And inside of me there is no gravity
You leave me speechless
Girl, I'm speechless
Speechless, love me speechless
You leave me speechless
Girl, I'm speechless
Speechless
Speechless, love me speechless

You leave me speechless
Girl, I'm speechless

Speechless
Speechless, love me speechless
You leave me speechless
Girl, I'm speechless
Speechless
Speechless, love me speechless
