

# Nervous

Sebastian Yatra

Adrenaline runnin' through my veins  
I'm a skeleton when you say my name  
And the high, no, it never goes away  
Like jumpin' out an airplane to swimmin' with the sharks  
That existential feelin' when you're starin' at the stars  
There's a hurricane in my head, but the lightnin' in my heart  
Makes it worth it  
Yeah, I still get nervous

When you walk through the door and you look in my eyes  
Yeah, it feels, yeah, it feels like the very first time  
I can fall for you forever, I'm certain  
'Cause I still get nervous  
When your lips hit my lips and the fireworks fly  
Sendin' sparks through the air, like the Fourth of July  
I can fall for you forever, I'm certain  
'Cause I still get nervous

Adrenalina siempre que estás conmigo  
Igual al día en que nos conocimos  
Cerró ese cine, y perdiste el vestido  
Pues, desde esa cita, tú controlas mis latidos  
¿Cómo es que cada beso se parece al primero?  
Y me sudan las manos si me dices, "Te quiero"  
Como un adolescente que ensayó frente al espejo, así me veo  
'Cause I still get nervous

Cada vez que despierto y te quieres pasar  
A mi la'o de la cama, no sé si es real  
O es un sueño donde te quitas todo  
No me ponga' nervioso  
Cuando tú me das fuerza aunque quiera frenar  
Creo que Dios te llamó y te mandó a su lugar  
I can fall for you forever, I'm certain  
'Cause I still get nervous

Oh, you walk in so perfect  
And my heart shorts circuit  
No, I don't deserve this  
That's why I still get nervous

When you walk through the door and you look in my eyes  
Yeah, it feels, yeah, it feels like the very first time  
I can fall for you forever, I'm certain  
'Cause I still get nervous  
When your lips hit my lips and the fireworks fly  
Sendin' sparks through the air like the Fourth of July  
I can fall for you forever, I'm certain  
'Cause I still get nervous

'Cause I still get nervous  
I still get nervous
