

Act Of Creation

Sebastien

Have you ever noticed the Evil that reigns around
Have you ever thought of a hidden secret to be found
Have you faced the creature, who devastates your faith
Are you able to step back before it's too late

Time frames our destiny
Angel-beings disappear in light
We're a miracle of life given in love by hands of God
With an act of creation

What have we done, our souls are hollow
Fame of fortune led us to sorrow
Miracle of love forced to stay off
Just rhymed in our elegies
What you're gonna do at the end of your season
When excuses have no more reason
Better kneel and pray, fate finds its' way
Out of the agony..
