So many thing that could go wrong can't be changed
So many people moving on inside a cage
So many reasons to kill love one more time
So many moments made a puzzle of your life

Your bitterness you hide in the shadows

Amy, hear me
I feel you scary feelings
In my dream diary
Amy

So many treasures you could keep if you'd try
So many wounds you let unhealed tied a butterfly
So many daydreams you lived through tear of your mind
So many daemons broke a puzzle of your life

Your loneliness you hide in the shadow
Your emptiness grows high, if you follow

Amy, hear me
I feel you scary feelings
In my dream diary
Amy

I wonder what I'd see in your eyes
I wonder how I'd describe your pain
I wonder what I'd say to you tonight
I wonder where I'd inscribe your name

Your loneliness you hide in the shadow

Amy, hear me
I feel you scary feelings
In my dream diary
