

Silver Water

Sebastien

Once upon comedy show - flattering drapers
Livin' your story so far day by day
You're like a medium ... link in the papers
Spiritous healing - the end of the play

You're like a silver and shine on the ocean
One drop of water can build mighty sea
Tower of light made of tears an' emotion
The day you die you can't for-a-see

When the echoes are fadin' ... devil knows of your tradin'
Cannot hold it much longer ... and who am I ... a whisper in yo
ur ear

Once upon tragedy show - darkening hollow
You know the actor in scatterin' roles
So many meanings but whitch way to follow
Life has no eye - it's only empty hole

When the echoes are fadin' ... devil knows of your tradin'
Cannot hold it much longer ... and who am I ... a whisper in yo
ur ear
Take a step closer to your heart ... you and I ... scary faces
Gettin' better an' stronger ... many times ... angry when you l
ie

Militia est vita hominis super terram
Contra vim mortis non est medicamen in hortis

Feelin' unknown fire
Dawn brings a wake-up call
Streamin' love for hire
Life is the paintin' ball

Lead me, my desire
Hold me an' make it hard
I know every liar
Tearin' me apart ...

When the echoes are fadin' ... devil knows of your tradin'
Cannot hold it much longer ... and who am I ... a whisper in yo
ur ear
Take a step closer to your heart ... you and I ... scary faces
Gettin' better an' stronger ... many times ... angry when you l
ie
