

## Lost

### Secondhand Serenade

I met you by the pool, so free and careless  
That evening didn't go as we had planned  
But I knew I had to bring you out to see me  
I was a selfish boy in love with half a heart in his hand

We would dance all night not caring who was watching  
Live life like there was nothing we could lose  
But I was wrong and there is nothing in this world I wouldn't do  
To relive every moment spent with you

I'd never lost it all till I lost you  
But I was much too reckless and I broke your heart in two  
A million bits of hope, now you'll never know the truth  
You're part of every single thing I do  
Now you're gone 'cause I forgot about loving you

As time went by I was driven by deception  
But you've always stood beside me and you prayed  
That I'd see the pain I caused but I chose to look right through  
I let you down and watched you slip away

I'd never lost it all till I lost you  
But I was much too reckless and I broke your heart in two  
A million bits of hope, now you'll never know the truth  
You're part of every single thing I do  
Now you're gone 'cause I forgot about loving you

I'd never lost it all till I lost you  
But I was much too reckless and I broke your heart in two  
A million bits of hope, now you'll never know the truth  
You're part of every single thing I do  
Now you're gone 'cause I forgot about loving you
