Run For Cover

Secondhand Serenade

I face the world and carry on,
But no one ever tells me
What happens when I'm gone.
The sunshine knows the things that have gone wrong.
I can't go on
I can't go on

Hold me down,
I'm losing everything again.
Hear the sound,
As tears fall to the ground.
Run for cover
Run for cover

I gave a part of life away to grow,
You were left behind, I will never really know
What it takes for you to hear this song
I can't go on
I can't go on

Hold me down,
I'm losing everything again.
Hear the sound,
As tears fall to the ground.
Run for cover
Run for cover

Deeper, Deeper,
I look at what we were.
I let you down,
I let us drown.
Further, Further,
I left you insecure
Drove us into the ground,
Into the ground.

Hold me down,
I'm losing everything again.
Hear the sound,
As tears fall to the ground.
Run for cover
Run for cover

Hold me down,
I'm losing everything again.
Hear the sound,
As tears fall to the ground.
Run for cover
Run for cover
