

Something More

Secondhand Serenade

I lie awake again
My body's feeling paralyzed
I can't remember when
I didn't live through this disguise

The words you said to me
They couldn't set me free
I'm stuck here in this life
I didn't ask for

There must be something more
Do we know what we're fighting for?
Breathe in, breathe out
Breathe in, breathe out

With all these masks we wore
We never knew what we had in store
Breathe in, breathe out
Breathe in, breathe out

The storm is rolling in
The thunder's loud, it hurts my ears
I'm paying for my sins
And it's gonna rain for years and years

I've fooled everyone
And now what will I become
I have to start this over
I have to start this over

There must be something more
Do we know what we're fighting for?
Breathe in, breathe out
Breathe in, breathe out

With all these masks we've wore
We never knew what we had in store
Breathe in breathe out
Breathe in breathe out

I've fooled everyone
Now what will I become
I have to start this over
I have to start this over

There must be something more
Do we know what we're fighting for?
Breathe in, breathe out
Breathe in, breathe out

With all these masks we wore
We never knew what we had in store
Breathe in, breathe out
Breathe in, breathe out

There must be something more
Breathe in, breathe out

Breathe in, breathe out
There must be something more
