Ladders

Secret Band

Crossing off my fingers
It's nothing nah, it's nothing nah
Sticking in my stinger
If something's wrong, I'll fuck them all

Acid rain eats the umbrella shaped urchin house
All bricks stack and split, merging a sword fist mouth
Hive, grovels and bleeds for me
Circle, swells and seethes to be pleased

Grow, aggregate! Black bomb burns!
Ravenous, black beaked bird
Sadist hiss, snakes as rungs
Aggregate

Crossing off my fingers
It's nothing nah, it's nothing nah
Sticking in my stinger
If somethings wrong, I'll fuck them all

Shitting in the mouth of the baddest ass big mouth bass
Classifying humans depending on size of ass

Ass! [x18]

Grow, aggregate! Black bomb burns!
Ravenous, black beaked bird
Sadist hiss, snakes as rungs

There's no good jobs for me
Read this resume, I got degrees for me
I been searching far and wide, I want to herd your sheep
I can run an errand for any type of chump
Hire me for doing things that qualify as hard... work

Please! [x10]

Motive? Not enough, too bored
Make what? Pull my cord
Losing funds
Rent
Net
Paid
Groceries

Ohhhhh God
