Secrets

I need some assistance
But you're a graveyard
Away so you can't help me fix this

Dealing with loss again
Your means to an end
Leave me on my own to begin again
I need some assistance
God help me fix this
It takes one shot to change your whole life
It took one shot to fuck up mine
Happy birthday kid, unwrap your gift
But your dismissal wasn't on my list

Remembering your past
You left this life too fast
I never said goodbye
Now I'm stuck with your ghost, ghost
All that's left, all I have
All that's left is your ghost
Can you hear me yet?

What happened when you left?
Did you get your wings
Or just sink into nothing?
I've been searching but I can't find a sign
And I keep screaming but I get no reply

Separate me from pain
I can't live like this
Take it away
I can't believe you're asleep forever
And I can't wake you up

Wish I could tell you how much I miss you
But I think God's receptionist lost my messages
Wish I could hear you, wish I could feel you
But I think all my prayers just go unanswered
Can you hear me yet, can you hear me yet?
Hello?
Can you hear me?

Remembering your past
You left this life too fast
I never said goodbye
Now I'm stuck with your ghost, ghost
All that's left, all I have
All that's left is your ghost
Remembering your past
You left this life too fast
I never said goodbye
Now I'm stuck with your ghost, ghost
All that's left, all I have
All that's left is your ghost

Can you hear me yet, can you hear me yet?
