

## Five Years

Secrets

I've had enough of you  
Running your mouth  
Swallow your tongue before I rip it out  
Are you really that blind  
Oh can you not see  
I've had enough of your fucking games  
I'm done with all the madness  
Why should we keep this up when all we know is sadness

We don't speak we only shout  
Raise our voices to drown the other out  
Back and forth is all we know  
But we're both too proud to let it go

Loosen up  
Your wasting so much time  
You're breathing down on my neck  
And it's safe to say  
I don't care if you're leaving  
Loosen up  
It's always me  
Call me the enemy  
Don't you forget when you start this fight  
Two wrongs don't make it fucking right  
I've waited around for too long

We're holding on  
To nothing  
Correct me if I'm wrong  
Moving along  
We're too far gone  
I think I'm finally ready

Why, why would you always deny  
When I know you lie  
Because this isn't the first time  
We've been here before  
Always the same fight  
Turning into war  
I've had enough so

Loosen up  
Your wasting so much time  
You're breathing down on my neck  
And it's safe to say  
I don't care if you're leaving  
Loosen up  
It's always me  
Call me the enemy  
Don't you forget when you start this fight  
Two wrongs don't make it fucking right

We're holding on  
To nothing  
Correct me if I'm wrong  
Moving along  
We're too far gone

I think I'm finally ready  
We're holding on  
To nothing  
Tell me where did we go wrong  
Moving along  
We're too far gone  
I think I'm finally ready to move on

Something tells me  
This isn't the last time  
The last time I'll ever leave you again  
I pray to God that he can grant me the courage to drown out all the words th  
at you've said

You won't hold me back again  
Can't you see this is dead  
Don't test me I'm at wits end  
You'll never have me never ever again

We're holding on  
To nothing  
Correct me if I'm wrong  
Moving along  
We're too far gone  
I think I'm finally ready  
We're holding on  
To nothing  
Tell me where did we go wrong  
Moving along  
We're too far gone  
I think I'm finally ready to move on
