

Parasite

Secrets

Last night I dreamt of a time before you
Came into my life and took everything I fucking knew
I stayed asleep as long as I could
Until I opened up my eyes and realized I'm stuck with you for good

Rage, rage
I'm filled with so much rage, I
Hate, hate
Who I've turned into and it's
All because of you
You fucking parasitic waste of god damn space
I'm fed up fucking with you

I've waited for too long for my chance to be free
Escape your presence and go find what's left of me

Rage, rage
I'm filled with so much rage, I
Hate, hate
Who I've turned into and it's
All because of you
You fucking parasitic waste of god damn space
I'm fed up fucking with you

Next time I see you it's on site, you won't recover
So if you're scared you better run, motherfucker

Run, motherfucker
Run, motherfucker, run
