

Always Will

Seeb

Back then we knew it all
And what we wanted, how we wanted more
You wanted to see the world, I wanted to be your girl
Yeah, really was that simple
Sunlight's on the hills
We thought that time we both had to kill
We always knew who we were, always had time for you
Yeah, back when days were lived for

It's only ten o'clock
And I just found our song
My eyes fillin' up

I'm burning it down tonight, you and I
Always will, always will be
The first time I loved
Always will, always
Hanging it on my mind, maybe I
Always will, always will be
Hit up on a song when I'm all alone

We both made promises
Just sayin', I tried a little harder to think you did
Maybe a couple times I thought we could rewind
Yeah, in the moment of weakness
I could be in some grand place
And for no reason, suddenly I'm a mess
I always saw what you liked, bet I'm still on your mind
Yeah, if I go, you wanna hear this

It's only ten o'clock
And I just found our song
My eyes fillin' up

I'm burning it down tonight, you and I
Always will, always will be
The first time I loved
Always will, always
Hanging it on my mind, maybe I
Always will, always will be
Hit up on a song when I'm all alone

Hanging it, hanging it on
Hanging it, hanging it on
Hanging it, hanging it on
I always will be
Hanging it, hanging it on
Hanging it, hanging it on
Hanging it, hanging it
On my mind

I'm burning it down tonight, you and I
Always will, always will be
The first time I loved
Always will, always
Hanging it on my mind, maybe I
Always will, always will be

Hit up on a song when I'm all alone

Hanging it, hanging it on
Hanging it, hanging it on
Hanging it, hanging it on
I always will be
Hanging it, hanging it on
Hanging it, hanging it on
Hanging it, hanging it
I always will be
