

Before You Go

Seeb

Oh, before you go
Will you love me like you did once more?
It's cold as December
Something to remember
Hold me like you did once more

I've been waiting days and days for you to call
But I've been wasting all my hours used to be alone
And all your promises are lies that I relied upon
So I need to move on, I need to move on

Take me to that island in your kitchen now
Why don't you show me what it is that I'm so wrong about
All the things I wanna say don't ever leave my mouth
For so long I was wrong, and I need to move on

Oh, before you go
Will you love me like you did once more?
It's cold as December
Something to remember
Hold me like you did once more

Oh, with them eyes so stoned
I spill my heart out on your bathroom floor
Breaking into pieces, but before you leaving
Hold me like you did once more
You did once more

Before you go
Before you go
Before you go
Will you love me like you did once more?
Before you go
Before you go
Before you go
Will you love me like you did once more?

Baby, does it little too much in between
Who we think we are and who we could have never been?
And I wonder if I ever see you from my dreams
For so long I was wrong, and I need to move on

Oh, before you go
Will you love me like you did once more?
It's cold as December
Something to remember
Hold me like you did once more

Oh, with them eyes so stoned
I spill my heart out on your bathroom floor
Breaking into pieces, but before you leaving
Hold me like you did once more
You did once more

Give me one more round so we can't pretend
Give me one more taste of the bitter end
And I just don't care about the consequence

Before you go
Before you go
Before you go
Will you love me like you did once more?
Before you go
Before you go
Before you go
Will you love me like you did once more?

Oh, before you go
Will you love me like you did once more?
It's cold as December
Something to remember
Hold me like you did once more

(Oh, before you go
Will you love me like you did once more?
It's cold as December
Something to remember
Hold me like you did once more)
