

# Feel It Again

Seeb

I miss the rush  
I miss the feeling  
There was a time where anything was possible  
Those better days  
Do you remember?  
Can we pretend it never changed cause all the

Highlights in hindsight  
Don't feel like the first time  
Oh let's go back to the start  
Ooooh  
Sunshine and blue skies  
Look gray now to my eyes and  
I just can't tell the two apart

Oh oh oh  
You know I wish that I could feel it again  
Oh oh oh  
You know I wish that I could feel it again, feel it again

(Wish that I could feel it again)  
Wish I could feel it again  
(Wish that I could feel it again)

We used to be  
So optimistic  
Now how the hell did we become so cynical  
Those better days  
I still remember  
Can we pretend it never changed cause all the

Highlights in hindsight  
Don't feel like the first time  
Oh let's go back to the start  
Ooooh  
Sunshine and blue skies  
Look gray now to my eyes and  
I just can't tell the two apart

Oh oh oh  
You know I wish that I could feel it again  
Oh oh oh  
You know I wish that I could feel it again

Oh oh oh  
You know I wish that I could feel it again  
Oh oh oh  
You know I wish that I could feel it again, feel it again

(Wish that I could feel it again)  
Wish I could feel it again  
(Wish that I could feel it again)  
Wish I could feel it again

Wish I could feel it  
I wish I could feel it again  
Wish I could feel it

I wish I could feel it again  
Wish I could feel it  
I wish I could feel it again  
Wish I could feel it  
I wish I could feel it again

(Wish that I could feel it again)  
(Wish that I could feel it again)
