Last Dance

Seeb

Dance like never before

I know we can't say we didn't try
I know we can't say we're happy now
But I keep forgetting tears I've cried
I wanna remember you and smile

Hey
Cause I think that we should work it out
You think that there's too many doubts
Too many doubts and you want to get out
Yeah I think that we should work it out
You think that there's too many doubts
Too many doubts and you want to get out

So, If this is the last dance, I will dance
If this is the last call, then I go
If this is the last night, I'm sure ain't gonna waste it

Although my heart knows I'm alone
I'm gonna hold on for one song
If this is the last night, I'm sure ain't gonna waste it

I'm just gonna dance like never before
Dance like
Dance like
Dance like never before
Dance like
Dance like
Dance like never before

It sure will be hard to let you go
It's so God damn hard to face a no

Hey
Cause I think that we should work it out
You think that there's too many doubts
Too many doubts and you want to get out

Come take my hand and hold it tight
One dance might not make it right
But we could dance like we've never done before

Oh, so if this is the last dance so I dance
If this is the last thought then I go
If this is the last night make sure it gone not wasted
All of my own thoughts, I'm alone
I'm gonna hold on for a song
If this is the last night make sure it gone not wasted
I'm just gonna dance like never before

Dance like, dance like, dance like never before
Dance like, dance like never before (Oh, I'm gonna dance like)
Dance like, dance like, dance like never before
Dance like never before (Oh-oh-oh, this is)
Dance like (This is the last dance)
Dance like (Dance like never before)

Dance like, dance like, dance like never before
Dance like never before (Oh-oh-oh)
Dance like never before
