

# Numbers

Seeb

I wanna reach her  
Over windy waters  
A storm in between us  
Buildin' swells off the meter

I kept counting  
But I got lost in numbers  
From the day that I lost her  
I would dive into get there

Is it worth it if I'm drowning  
For love for love  
Worth if I'm drowning  
For love for love for love  
Maybe I'll stay  
We'll be castaways  
Worth it if I'm drowning  
For love for love

A couple hits then  
I was drawn down under  
No my arms couldn't help me  
I got caught in a downstream

Started counting  
My last breath in numbers  
With her face on my iris  
Pretending our last kiss

Worth if I'm drowning  
For love for love  
Worth if I'm drowning  
For love for love for love  
Maybe I'll stay  
We'll be castaways  
Worth it if I'm drowning  
For love for love

For love for love

For love for love

Worth if I'm drowning  
For love for love  
Worth if I'm drowning  
For love for love for love  
Maybe I'll stay  
We'll be castaways  
Worth it if I'm drowning  
For love for love
