

Run It Up

Seeb

We can let the top drop
Roll with me, yea
You heard I'm bout to pop off
Wait and see, yea
Cause I ain't showed em nothing yet Roll my sleeves back
And we about to
Run It Up
Run It Up, yea yea

Welcome to my wave
Come and stay a while
Pop off the champagne
I'll roll a black n mild
Floating through these purple clouds
And yea, yea I got the bag yea
She like the way it clap, clap from the back, back
She want it all
And I don't trust nobody
But there's something bout you that feel cool, yea yea
I don't trust nobody
But this moment I do
And that's you

We can let the top drop
Roll with me, yea
You heard I'm bout to pop off
Wait and see, yea
Cause I ain't showed em nothing yet Roll my sleeves back
And we about to
Run It Up
Run It Up, yea yea

We can let the top drop
Roll with me, yea
You heard I'm bout to pop off
Wait and see, yea
Cause I ain't showed em nothing yet Roll my sleeves back
And we about to
Run It Up
Run It Up, yea yea
