

Sleepwalk

Seeb

I was just hoping to be under
Your spell again
That feeling of magic when you wander
Carelessly with your best friend
Let's sail away into the sun
Or lay in the garden of eden
Cause I was just hoping to be under
Your spell again

So come and find me on the bed of the sea
Where we can walk around and just talk
Cause I only fall in love in my dreams
So tonight I'm gonna sleepwalk
Anywhere that we wanna be
From Neverland to New York
Cause I only fall in love in my dreams
So tonight I'm gonna sleepwalk
Sleepwalk

Anywhere that we wanna be
Anywhere that we wanna be (Sleepwalk)
Anywhere that we wanna be
From Neverland to New York
Anywhere that we wanna be
Anywhere that we wanna be (Sleepwalk)
Anywhere that we wanna be
From Neverland to New York

When I'm conscious I get anxious
Cold feet again
Closer to madness, Can't imagine
Letting go of your hand
So let's sail away into the sun
And hold on tight to this feeling
I was just hoping to be under
Your spell again

So come and find me on the bed of the sea
Where we can walk around and just talk
Cause I only fall in love in my dreams
So tonight I'm gonna sleepwalk
Anywhere that we wanna be
From Neverland to New York
Cause I only fall in love in my dreams
So tonight I'm gonna sleepwalk
Sleepwalk

Anywhere that we wanna be
Anywhere that we wanna be (Sleepwalk)
Anywhere that we wanna be
From Neverland to New York
Anywhere that we wanna be
Anywhere that we wanna be (Sleepwalk)
Anywhere that we wanna be
From Neverland to New York
Sleepwalk, oh-oh
Sleepwalk, oh-oh

From Neverland to New York
Sleepwalk
