

Submarine

Seeb

Do you remember?

I memorised the freckles on your nose
The first and only love I've ever known
Just behind that door I never closed
I don't think you're ever gonna know

Do you remember me? We were seventeen
When it felt so deep like a submarine
Said you'd never leave but I watched you change
Like the autumn leaves, do you remember me?

Do you remember?
(Remember me)
Do you remember?
(Remember me)
Do you remember?

I remember fire skies at dawn
You would steal my hoodie to keep warm
(You are the one I keep)
The clouds on the horizon were a storm
But we hoped they were never gonna form

Do you remember me? We were seventeen
When it felt so deep like a submarine
Said you'd never leave but I watched you change
Like the autumn leaves, do you remember me?

Do you remember?
(Remember me)
Do you remember?
(Remember me)
Do you remember?

If you knew back then, what you know right now
Would you still give love, would you want to?
'Cause I knew back there, what I know right now
That we still got love, that I want you, girl
I want you, girl, I want you, girl

"Voulez vous coucher avec moi"
Kissing in the back of my car
I remember you how you were
Yeah, we said, "Voulez vous coucher avec moi"
Kissing in the back of my car
I remember you how you were

Do you remember me? We were seventeen
When it felt so deep like a submarine
Said you'd never leave but I watched you change
Like the autumn leaves, do you remember me?
Do you remember?

If you knew back then, what you know right now
Would you still give love, would you want to?
'Cause I knew back there, what I know right now

That we still got love, that I want you, girl
I want you, girl, I want you, girl
