Take me you are the one Let's go for one another See -this ain't no joke Say -I don't want no other Let me be your friend Cock father kid and brother Will you be my pussycat Sister kid mother Come on ride my verse Come on play my tune From the first to the worst You heal my every wound High up like birds We will use our zoom And realize the course It is not in our room You make my whole entire world Turn around, you the one You set the roof on fire girl You heat up my burning sun We'll push things higher than We have never ever done We'll teach our daughter And we'll teach our son

Please please
Gimme your love
I'll please you and your love
Please please
Please me
I am your man I am your friend
Come again

Please please
Gimme your love
I'll please you and your love
Please please
Please me
I am your man I am your friend
Come again

You can be my lover O yes you can You got my heart In the palm of our hand I don't need another You're my only man And I'll never leave your side Please understand That man like you are only a few I admire all things you do Baby my love is all for you I pray that God will see us through You amaze You drive me crazy Trust me my love I'm glad to be your lady

Nothing can't face me
Daily you praise me
Tell me say me sweeter
Than a rose named daisy
Yes I'll please you
Never never leave you
Just like the air
That' how I need you
I'll never tease you
Pumper and squeeze you
When you want love
To the bedroom and lead you

Please please
Gimme your love
I'll please you and your love
Please please
Please me
I am your man I am your friend
Come again

Please please
Gimme your love
I'll please you and your love
Please please
Please me
I am your man I am your friend
Come again

You can be my lover
I don't need another
Rest your head up on my shoulder
I need to hold you closer

Listen up we only play The game we want We're the ones to say How it will be done No time to waste And no reasons to wait You always give me update You are my number one We pull up and stay Up here we are strong This is our way And that's where we belong Feel it day by day Til those days are gone We all gotta pay But we all gain some Crazy for your style I wanna smoke it like drope Your ideas make me smile You ideals gimme hope Kiss my soul with your eyes Love is bigger than the globe Everyday I realize I feel for you this ain't no
