The Special Part...

Seelenkrank

Come with me
in my torture room
Take off your dress
lay on the bed

See the candles
burning soon
Feel the steel
feel the cold

Take off your shoes
feel no doubt
I'm your fate
this night

Feel the pleasure
feel the lust
The special feeling
makes you hot

See me laying at your feet
See my tongue lick your stockings
See me kissing your naked feet
See the pleasure in my eyes

Can you see the pleasure in my eyes
can you see my body starts to burn
I can see the lightning in your eyes
when I kiss the special part of your legs

Can you see the pleasure in my eyes
can you see my body starts to burn
I can see the lightning in your eyes
when I kiss the...

Your polished nails
in my mind
Your endless legs
in my mind

You love to see
me at your toes
My tongue is playing
your eyes wide open

You try to hurt me
cut my flesh
You drink my blood
you need my blood

I lick my blood
from your feet
And now you're coming
I feel the heat
