

Ooh yeah

Hatred!
Is a flaw of humanity
Caught!
In between two masters
Why can't we see behind the lies?
Covered!
By a haze of darkness
Yeah

No longer will I stand
In silence as we suffer
No longer will I be a slave
To the beast

Now from the depths of hell
To the heaven's sun we are one
Left with a choice to follow or betray
Children we shall rise above the haze
