

## Breakdown

Seether

The sun is gone and the flowers rot  
Words are spaces between us  
And I should've been down in the rivers I've found of token lo  
st  
And I should've been down when you made me insecure

So break me down if it makes you feel right  
And hate me now if it keeps you alright  
You can break me down if it takes all your might  
'cause I'm so much more than meets the eye

And I'm the one you can never trust  
'cause wounds are ways to reveal us  
And yeah I could have tried and devoted my life to both of us  
But what a waste of my time when the world we have is yours

So break me down if it makes you feel right  
And hate me now if it keeps you alright  
You can break me down if it takes all your might  
'cause I'm so much more than all your lies

Hate me, break me down  
So break me down  
So break me down  
So break me down if it makes you feel right  
And hate me now if it keeps you alright  
You can break me down if it takes all your might  
'cause I'm so much more than meets the eye
