

Effeminacy

Sega Bodega

You don't own effeminacy, do you?
What does effeminacy mean to you?
I feel like a delicacy (Rare)
And you definitely must take me blue
Holding onto every word I swallow
As if I could make you feel less hollow
I'm the pursuant and you're my idol
You're the divinity in my Bible

Celestial boy and I just wanna find sky
(Look at the fallen angel)
I go, simmerin' below
Let go of my wings
Celestial boy and I just wanna find sky
(Look at the fallen angel)
I go, simmerin' below
Let go

Look after me when I fall from Heaven
Close up my heart and remove my essence
You're my delight, you're ever-so pleasant
You're a delicacy, you're my present
You don't own effeminacy, do you?
Please, don't hold onto what I don't give you
The way you pull me out of a spiral
You're the divinity in my Bible

Celestial boy and I just wanna find sky
(Look at the fallen angel)
I go, simmerin' below
Let go of my wings
Celestial boy and I just wanna find sky
(Look at the fallen angel)
I go, simmerin' below
Let go
Celestial boy and I just wanna find sky
(Look at the fallen angel)
I go, simmerin' below
Let go of my wings
Celestial boy and I just wanna find sky
I go, simmerin' below
Let go
