

Hold Me As I Land

Seinabo Sey

As I land
I watch the clouds cry
Took sight of a barren land
Looking for someone
Someone to hold my hand

Hold me as I land
Hold me as I land
Hold me as I land
I'm sure you understand

Now we're on solid ground
I find it was quicksand
Love burned out quick and
My feet sunk deeper into you
Ooh, ooh
You
Oh, you

I had to give myself away
I had to give myself away
So the wind can teach me what to do again
Oh, how to feel again
I used to feel so much
Now I can't feel enough
I had to give myself away
So I can learn again
Or how to feel again

Hold me as I land
(I had to give my)
Hold me as I land
(I had to give my)
Hold me as I land
(I had to give my)
Give myself away
(Give myself away)
