

## Big Dreams

SEKAI NO OWARI

We lived our life like we had no where to go  
Nothing to do, nothing to prove  
We lived our life like we were out of control  
Nothing to lose, nothing to prove

Good intentions, freedom our lesson  
Moving too fast to build a foundation  
Now we look back, now we look back

Say if we knew, if knew we'd do it different

We had big dreams, where did the time go  
Hurry, hurry, hurry, hurry  
We don't have too long  
We had big dreams, where did the time go  
Hurry, hurry, hurry, hurry  
We don't have too long, long, long  
We don't have too long, long, long  
We don't have too long

We're living our life like we're awake in a dream  
Out of a scene, on silver screens  
We'll never stop running, till we're up in the clouds  
Nobody knows the way back down

Don't end up frozen, don't miss the moment  
This beautiful life got us trying and hoping  
So much to lose, ain't easy to choose

So tell me about all your doubts  
You know I'll listen

We're living big dreams, we gotta keep on  
Hurry, hurry, hurry, hurry  
'Cause the dream ain't gone  
We're living big dreams, we gotta keep on  
Hurry, hurry, hurry, hurry  
'Cause the dream ain't gone, gone, gone  
We'll keep dreaming on, on, on  
We'll keep dreaming on

We're living big dreams, we gotta keep on  
Hurry, hurry, hurry, hurry  
'Cause the dream ain't gone  
We're living big dreams, we gotta keep on  
Hurry, hurry, hurry, hurry  
'Cause the dream ain't gone, gone, gone  
We'll keep dreaming on, on, on  
We'll keep dreaming on
