

My Sleeping Beauty

SEKAI NO OWARI

Don't sleep
Don't wake me up
Don't sleep
Don't wake me up

After all this time
After all these vibes
After all these highs
We're still on this ride
Never wanna say goodbye
You brought me back to life
And forever it's just us
No more you and I

Never off just on
Opposite of wrong
If it was you and me against the world
I'd still like our odds
Please don't ever close your eyes on me
My sleeping beauty

I gotta know now if you're
You're really down cause
Where there's smoke there's fire
I just hope you realize
That you know I believe
In a thing called destiny
So please don't
Please don't
Please don't
Don't sleep on me

Yeah, the high that you're giving me is coming so strong (coming so strong)
Head up in the clouds it could poke the ozone (poke the ozone)
The world is a wake-up call away from the end
Till then, we'll find peace in this bed like we're Yoko and John

There's no coming home when you're not there
Cause together is alone when we're not a pair
Girl, my love is timeless and colorblind
I will love your black, love your brown and your white hair the same
Be it sun or rain
Be it shame or fame
My name will be yours

After all this time
After all these vibes
After all these highs
We're still on this ride
Never wanna say goodbye
You brought me back to life
And forever it's just us
No more you and I

Never off just on
Opposite of wrong
If it was you and me against the world

I'd still like our odds
Please don't ever close your eyes on me
My sleeping beauty

Don't wake me up
I don't wanna wake up
No morning paper
No tea in my cup
If you're not next me
No sun in my eye
No morning runner's high
No birds, no butterflies
If you're not next to me
Come next to me
Don't wake up
No morning paper
No tea in my cup
If you're not next me
No sun in my eye
No morning runner's high
No birds, no butterflies
If you're not next to me

I gotta know now if you're
You're really down cause
Where there's smoke there's fire
I just hope you realize
That you know I believe
In a thing called destiny
So please don't
Please don't
Please don't
Don't sleep on me

I gotta know now if you're
You're really down cause
Where there's smoke there's fire
I just hope you realize
That you know I believe
In a thing called destiny
So please don't
Please don't
Please don't
Don't sleep on me
