

Silver Lining

SEKAI NO OWARI

With you, I know I won't go under
You keep my head above the water
Been swimmin' in waves, but I'm afraid to drown, drown, drown,
yeah
Like a lighthouse, you guide me around, 'round, 'round, yeah

I ain't goin' under long as I'm here with you
Even when the sun go down, yeah
Baby, you the silver lining
And when the lights go out
I know that I can see you in the dark
Baby, you the silver lining

Baby, you the silver lining

You know that my life's in your hands
(You know that my life's in your hands)
You could let me sink in the sand, yeah
Been reachin' for help or else I'm gonna drown, drown, drown, y
eah
That look in your eyes could mean you'll turn around, 'round, '
round, yeah

I ain't goin' under long as I'm here with you
Even when the sun go down, yeah
Baby, you the silver lining
And when the lights go out
I know that I can see you in the dark
Baby, you the silver lining

Baby, you the silver lining

Baby, you the silver lining
In the dark
Baby, you the silver lining
