

Alone

Selah Sue

It's a dark road
On the other side
Don't you see I'm alone without you
All the walls started coming down
Can't you see I'm alone without you

Spend an eternity
Missing what used to be
I hope you remember me at night
Love has forsaken me
The day you abandoned me
Say you remember me this time

Cause I'm alone
I'm alone
I'm alone
Without you
Cause I'm alone
I'm alone
I'm alone
Without you

Black coal burning on the ground
Rescue me I'm alone without you
It's a cattle call of certain emotions
It seems to me I'm alone without you

Spend an eternity
Missing what used to be
I hope you remember me at night
Love has forsaken me
The day you abandoned me
Say you remember me this time

Cause I'm alone
I'm alone
I'm alone
Without you
Cause I'm alone
I'm alone
I'm alone
Without you

Was it already over
Before the end
Did the door start to close
Once we began
Did you let go
Couldn't take this tug of war
No more, no more

Cause I'm alone
I'm alone
I'm alone
Without you
Cause I'm alone
I'm alone

I'm alone
Without you

Cause I'm alone
I'm alone
I'm alone
Without you
Cause I'm alone
I'm alone
I'm alone
Without you

Without you
Without you
Without you
Without you
