

No Sweeter Name

Selah

There's no sweeter name than Jesus
I have tasted, I have seen
Nothing better than His presence
A friend when I'm in need

There's no sweeter name than Jesus
He's the Savior of my soul
By His blood I am forgiven
He calls me now His own

I will declare His goodness
I will declare His love
My life will testify forever
All that He is and what He's done
All that He is and what He's done

There's no greater name than Jesus
At its mention, darkness hides
All creation stands in wonder
And heaven glorifies

I will declare His goodness
I will declare His love
My life will testify forever
All that He is and what He's done
All that He is and what He's done

Hallelujah
He is worthy
Worthy of our praise

Hallelujah
He is worthy
Worthy of our praise

Hallelujah
He is worthy
Worthy of our praise

Hallelujah
He is worthy
Worthy of our praise

I will declare His goodness
I will declare His love
My life will testify forever
All that He is and what He's done

I will declare His goodness
I will declare His love
My life will testify forever
All that He is and what He's done
All that He is and what He's done

There's no sweeter name than Jesus
I have tasted, I have seen
There's no sweeter name than Jesus

A friend when I'm in need
