

Bluest Flame

Selena Gomez

Ah, I just wanna go all night
I just wanna go insane
Touchin' in the summer rain
Hotter than the bluest flame
Hotter than the bluest flame

Ah, never get you off my mind
Never get you off my brain
Wanna do it all again
Hotter than the bluest flame
Hotter than the bluest flame

Ah, I just wanna go all night
I just wanna go insane
Touchin' in the summer rain
Hotter than the bluest flame
Hotter than the bluest flame

Ah, never get you off my mind
Never get you off my brain
Wanna do it all again
Hotter than the bluest flame
Hotter than the bluest flame

Ah, I just wanna go all night
I just wanna go insane
Touchin' in the summer rain
Hotter than the bluest flame
Hotter than the bluest flame

Ah, never get you off my mind
Never get you off my brain
Wanna do it all again
Hotter than the bluest flame
Hotter than the bluest flame

Ah, I just wanna go all night
I just wanna go insane
Touchin' in the summer rain
Hotter than the bluest flame
Hotter than the bluest flame

Ah, never get you off my mind
Never get you off my brain
Wanna do it all again
Hotter than the bluest flame
Hotter than the bluest flame

Ah, I just wanna go all night
I just wanna go insane
Touchin' in the summer rain
Hotter than the bluest flame
Hotter than the bluest flame

Ah, never get you off my mind
Never get you off my brain
Wanna do it all again

Hotter than the bluest flame
Hotter than the bluest flame

Hey there
When I lay in your arms, am I there?
When I'm lost in the garden of air
You know how it feels
Body on body, it's you and me and it's real
I don't know if I can take this
I can't hide it, I'm burning up
Try to fight it, try to fake it
I can't hide it

Ah, I just wanna go all night
I just wanna go insane
Touchin' in the summer rain
Hotter than the bluest flame
Hotter than the bluest flame

Ah, never get you off my mind
Never get you off my brain
Wanna do it all again
Hotter than the bluest flame
Hotter than the bluest flame

Ah, I just wanna go all night
I just wanna go insane
Touchin' in the summer rain
Hotter than the bluest flame
Hotter than the bluest flame

Ah, never get you off my mind
Never get you off my brain
Wanna do it all again
Hotter than the bluest flame
Hotter than the bluest flame
