

# Can't Steal Our Love

Selena Gomez

[Selena Gomez]

I can't seem to hide from the lies  
I can't disguise myself  
I've build these walls so high  
And I can't climb myself

And just when I feel like fallin' down  
You pick me up right off the ground  
They can't keep between us two right now

They can't steal our love  
They can't steal our love  
They can't steal our love  
(Lo-o-ove, lo-o-ove, lo-o-ove)  
They can't steal our love  
(Lo-o-ove, lo-o-ove, lo-o-ove)  
They can't steal our love

I can't seem to choose what to do  
There's nothing I can say  
I'm tired of the fight 'cause I'm never right  
I just wanna cry, no

And just when I feel like fallin' down  
You pick me up right off the ground  
They can't keep between us two right now

They can't steal our love  
They can't steal our love  
They can't steal our love  
(Lo-o-ove, lo-o-ove, lo-o-ove)  
They can't steal our love  
(Lo-o-ove, lo-o-ove, lo-o-ove)  
They can't steal our love
