Selena Gomez

There's a reason you're everywhere  
Breathe you in like you're in the air  
Maybe you should call off today  
Give you girls some time to play  
In my room, from the ceiling to the floor  
My body knows that you've been here before

Every second here without you, I pretend we're skin to skin  
Every single breath reminds me that you never, ever left  
Every time I think about you, I can feel my hand give in  
Cause you're keeping me safe and warm  
Even when I'm home alone  
Wearing nothing but your cologne

Maybe you should call off today  
Give you girls some time to play  
Running my mind cause my heart lost all control (oh no)  
Only one thing that can give me that multiple

Every second here without you, I pretend we're skin to skin  
Every single breath reminds me that you never, ever left  
Every time I think about you, I can feel my hand give in  
Cause you're keeping me safe and warm  
Even when I'm home alone  
Wearing nothing but your cologne  
Wearing nothing but your cologne  
Wearing nothing but your cologne, cologne  
Wearing nothing but your cologne

All the way down  
Feels like you're all round  
Forever in the moment  
I love it, and you know it  
All the way down  
Feels like you're all round  
Forever in the moment  
I love it, and you know it

Every second here without you, I pretend we're skin to skin  
Every single breath reminds me that you never, ever left  
Every time I think about you, I can feel my hand give in  
Cause you're keeping me safe and warm  
Even when I'm home alone  
Wearing nothing but your cologne  
Wearing nothing but your cologne  
Wearing nothing but your cologne, cologne  
Wearing nothing but your cologne  
Wearing nothing but your cologne
