

## Oh No (I'll Never Fall In Love Again)

Selena

I wanna know, I wanna know what did I do wrong?  
To make you take your love away?  
All I know, all I know is thoughts of you that make..  
'Cause I can't let go off

One thing is needing you here right next to me  
Oh baby loving and holding you tenderly  
Needing to touch you so desperately  
'Cause I can't live without your love, oh no

Oh no, I'll never fall in love again  
Even though I know in time my broken heart will mend  
I'll never.. Love again without you

You should say, you should say our love will last forever  
We'd be together forever  
Now you're gone, I'm all alone  
What am I to do?  
'Cause I'm thinking about you

One thing is needing you here right next to me  
Oh baby loving and holding you tenderly  
Needing to touch you so desperately  
'Cause I can't live without your love, oh no

Oh no, I'll never fall in love again  
Even though I know in time my broken heart will mend  
I'll never.. Love again without you

Oh no, I'll never fall in love again  
Even though I know in time my broken heart will mend  
I'll never.. Love again without you...

Oh no... Ohhh baby!
