Alright, alright, alright

Woke up my lassie slaps me, yelling I must leave
Why's it gotta be this way?
On my way out be grabbing keys to her cabbie
I think I'll be ok

Alright, alright, alright
Alright, alright, alright

I'm gonna travel the world winning statues of gold
Cruising the street in a Lincoln
Gonna buy me a hat, Grow my hair out the back
Don't need to act, I'll be drinking
I don't care what you think, I will dare to explore
From a lawyer to a stripper taking over the floor
I don't care what you think and I swear when I say
I'm gonna live in the way of Matthew McConaughey
