

Fucking Wizardry

Self Esteem

We're still texting then?
But I'm certainly not your friend
I don't know where this began
But I know where it ends
What could you possibly be gaining
By asking how my day has been
And forwarding things that you've seen?

I know you want me back, I know, I know
But you, you can't say that, 'cause you yellow

My hunger times my impatience
Makes me feel reckless
So I let ya, let you be selfish
And careless with my head

No one believed in you
Can't be sure why I did do
The ex got back in touch
To be sure you couldn't see this though
So she's jealous of me
You should have wrote better songs, honey
Make yourself the sun
And not just be a waiting daisy

And I can see it now, I see, I see
What is was all about, and it ain't me

My hunger times my impatience
Makes me feel reckless
So I let ya, let you be selfish
And careless with my head

Part of being funny is having some sincerity
And using both of them wisely
I hope one day you'll finally see
So I'll leave you on read
I don't care how you feel about it
I wish you all the best
It was almost fun while it lasted
I say almost, I mean it
I say almost, I mean it

My hunger times my impatience
Makes me feel reckless
So I let ya, let you be selfish
And careless with my head
My hunger times my impatience
Makes me feel reckless
So I let ya, let you be selfish
And careless with my head

I cannot stress this enough
You'll never know how to love
To learn it like this was rough
It's not something I'm proud of
To even get near to me

Was some fucking wizardry
I ignored the warnings
But from that, I'm learning

My hunger times my impatience
Makes me feel reckless
So I let ya, let you be selfish
And careless with my head
My hunger times my impatience
Makes me feel reckless
So I let ya, let you be selfish
And careless with my head

I cannot stress this enough
You'll never know how to love
To learn it like this was rough
It's not something I'm proud of
To even get near to me
Was some fucking wizardry
I ignored the warnings
But from that, I'm learning
