

Lies

Self Esteem

Smile and say I don't mind
I'm okay, yeah, that's fine
Pull the wool over my eyes
Out my mouth, in my prime

I smile and say I don't mind
That's a lie, that's a lie
I'm okay, yeah, that's fine
That's a lie, that's a lie
Pull the wool over my eyes
That's a lie, that's a lie
Out my mouth, in my prime
That's a lie, that's a lie
That's a lie, that's a lie
That's a lie, that's a lie

I'll believe it 'cause it soothes me
Sometimes it's just easy
To tell myself it's not deep
And I'm at one with my dishonesty

Tell me more, explain it please
Pretty please, silly me
If I am so threatening
Put me at the back to sing
I promise just a third above
That's enough, just enough
I could play drums for you
'Cause that makes you look really cool
Really cool, really cool, really, really, really cool

I'll believe it 'cause it soothes me
Sometimes it's just easy
To tell myself it's not deep
And I'm at one with my dishonesty

How do you like, how do you like
Keep her infantilised
Nice and fine, nice and fine
Out of your mouth, into my mind

How do you like, how do you like
My OnlyFans, toes spread wide
Take your time, take your time
Cover your mouth, killing my vibe

Bang this drum for so long now
Same old beat, different crowd
One step forward, ten steps back
And I'm to be grateful for that?
If you're bored, don't worry, see
No one's as bored of this as me
I drag the hopeful corpse of her 'cross every bridge I'm yet to burn
Yet to burn, yet to burn, yet to, yet to, yet to burn
Yet to burn, yet to burn, yet to, yet to, yet to burn
Yet to burn, yet to burn, yet to, yet to, yet to burn

I believe it 'cause it soothes me
But that's just being lazy
So I'll push through the fatigue
And make you fucking hear me

Now hear me
