

Logic, Bitch!

Self Esteem

Sometimes it's easy
Sometimes I'm cool
Finding out that you've been moving on too
Yeah, babe, I get it
It's been a long time
Now I know, I promise that I'll try to

Let the love evolve, together, but alone
And at the end, hold you my friend
Share what we now know
Let the love evolve, let it change and grow
But I can't pretend I ever felt
Anything close to
You
You
You
You
You
You
You
You
You

The nights, they got longer
My body now sore
Who will be who I admit defeat for?
You're not the tune now
But you're still in the score
And this song's on the set list now, forevermore

Let the love evolve, together, but alone
And at the end, hold you my friend
Share what we now know
Let the love evolve, let it change and grow
But I can't pretend I ever felt
Anything close to
You

You
You
You
You
You
It's always been you
You
It's always been you
You
But I really cut the cord this time
You
Yeah, I really cut the cord this time
