Semargl

Call my name
Make the sin's path with me
Forget about the piety
Fall down, burn down with me
Call my name
Make the evil league with me
Forget about the loyalty
Fall down, burn down with me

I come with you, through sand of time
Under flaming rain
Under frozen sky
I come with you, on hidden line
Under flaming rain
Where black suns shine

Do you crave for flame?
My lava will fill your veins
Forget about the suffering
Rise above, revolt with me
Do you crave for flame?
Pass all the circles with me
Forget about the slavery
Rise above, revolt with me

I come with you, through sand of time
Under flaming rain
Under frozen sky
I come with you, on hidden line
Under flaming rain
Where black suns shine
