Real Haunted Mound

Yeah

You can be my haunted girl, if you like my haunted guys

Baby, I would bleed a river, just to see your pretty face

Baby, you know I keep a heater, but it's just to keep you safe

Baby, I know you got the shivers, my fire strong today

Baby, I'll bleed you forever, and bury you by the lake

Baby, I would bleed a river

Fuck the world, I'll stay forever

My fire go higher, shawty make my shadow smile

When she barf up on my dick, I know I love her

Baby, I'd die for you, I love you till the end and after too

You can be my haunted girl if you like my haunted guys

Baby, I need your skull, and your blood run down my knife

Put your bed up on my grave so we can fuck for all time

Ride up in my Cadillac, I wanna bury you alive

Gimme some sugar, baby, take my blood

I sleep when I wanna, can you stay up?

Can I take your skin, hang it on my wall?

Skellingtons in our arms in the mud

Baby, I would bleed a river, just to see your pretty face

Baby, you know I keep a heater, but it's just to keep you safe

Baby, I know you got the shivers, my fire strong today

Baby, I'll bleed you forever, and bury you by the lake

Baby, I would bleed a river

I will feed your blood to the river

I won't leave, no, no, no, never

I will feed your blood to the river

I won't leave, no, no, no, never

I will feed your blood to the river

I won't leave, no, no, no, never

Baby, I would bleed a river, just to see your pretty face

Baby, you know I keep a heater, but it's just to keep you safe

Baby, I know you got the shivers, my fire strong today

Baby, I'll bleed you forever, and bury you by the lake

Baby, I would bleed a river
