

## Duster Huffer

Semetary

I'm a snuffer, I be huffing duster  
I gave her a box cutter, she gon' make 'em suffer

I'm a snuffer, I be huffing duster  
I'm a duster huffer, I'm a duster huffer  
She my dust huffer, she wanna be my lover  
We do dust together and then she let me fuck her  
I'm a snuffer, I be huffing duster  
I'm a duster huffer, I'm a duster huffer  
I gave her a box cutter, she gon' make 'em suffer  
I ask her to come over, we can huff some duster

I'ma fuck her gently with my chainsaw  
I'ma stab her and fuck the wound raw  
She wear True Religion, for me, she take it off  
Let's just decompose in the woods together  
She would die for me, she know I'll protect her  
I keep some antlers, homie, you gon' get stabbed  
We're driving super north, still screaming "Fuck the world"  
And when it all comes down, we'll be together

I'm a snuffer, I be huffing duster  
I'm a duster huffer, I'm a duster huffer  
She my dust huffer, she wanna be my lover  
We do dust together and then she let me fuck her  
I'm a snuffer, I be huffing duster  
I'm a duster huffer, I'm a duster huffer  
I gave her a box cutter, she gon' make 'em suffer  
I ask her to come over, we can huff some duster

I'm on the Rainbow Bridge
